T: (916) 999-2190 | Toll-Free: (866) 375-0386 | F: (916) 263-7311

E: rcbinfo@dca.ca.gov | www.r

DIRECT SUPERVISION

As a condition of probation, direct supervision requires the respiratory care practitioner (RCP) be directly supervised while on duty. The probationer must be assigned to a licensed RCP (preferably a supervisor or lead therapist) who is assigned to the same patient area and readily available to provide assistance and/or direction. This term also requires that the probationer ensure that his/her supervisor inform the Board in writing of the level of supervision being provided while on duty.
